Lumber Supply Decreasing. Estimates by conservative lumber men show that the days of lumbering in the upper peninsula of Michigan will soon be past. Before five years have passed there will be practically no timber left standing in Baraga Houghton and Keweenaw counties large enough to make a log. Menominee county, which about ten years ago was the largest lumber producing district in the world, has lost its rank and now produces scarcely a tenth of its former amount. The mills which were located there have been moved to Louisiana and Washington. BIRD VENTRILOQUISTS.

Amuse Visitors to Paris Botanical Gardens.

M. Emile Merwart, secretary general of French Guiana, has sent to the Jardin des Plants, in Paris, two pairs of ventriloquial fowls. These birds, the Temps says, are greatly amusing to visitors to the gardens, who assemble around their cage by their cries, which at one time appear to come from the trees, at others from the sky, and sometimes from the midst of the crowd itself. The flesh of the birds is said to be more savory than that of pheasants or the finest guinea fowls, and their eggs are in great favor among American epicures. The Empress Josephine tried to acclimatize the species in the Malmaison aviary, but with out success.

Easy to Get. Pierpont, O., Oct. 5th.-Remarkable indeed is the experience of Mr. A. S. Turner, a man now over seventy-one years of age, and whose home is here. For many years this old gentleman had suffered with a very unpleasant form of Kidney Trouble, a kind that very often bothers aged people. He would have to get up four or five times every night, and this very tiresome disease was fast wearing him

At last after having almost made up his mind that he would never be able to get relief, he stumbled over a medicine which relieved him almost immediately, and has cured him permanently. It is so very easy to get and so simple that Mr. Turner thinks everyone should know of it. Every dealer in the country has it, and all you have to do is to ask for Dodd's Kidney Pills. Mr. Turner says:-

"I can heartly and honestly recommend Dodd's Kidney Pills for they cured me. Several others in the famico as long as he lives, or, at any rate, lily have used them too, and always with the best results. I think they have no equal."

He-I've got my father's nose and mouth. She-Well, the old man was lucky to get rid of them.

By GEORGE BARR McCUTCHEON

Author of "GRAUSTARE" "CASTLE CRANEYCROW," etc., In an outlinely different velocition his former works.

The scene is in Clay County, Indiana. The tale begins with the idyllic love of a young farmer and a girl teacher, which culminates in a marriage that brings perfect bliss in spite of poverty and hard work. The development of an intricate plot, worked out in a masterly manner, keeps the interest of the reader at the highest tension, as one follows the awakening of ambition in the young man, his life in Chicago where he rises rapidly in his profession, his first downward step, the frightful entanglement into which his weakness leads him, up to the tragical end which brings into high relief the characters of two noble
